The Fit For School Principles

4S

Simple

Packaged & Focused
Evidence-based
Reduce complexity

Scalable

Uniform and modular
Vision: nationwide scale

Sustainable

Community involvement
Government funded

System thinking

Integrated
No new structures
Responsibility and Accountability

Clear Vision & Values
Supporting Multi-level Advocacy
Formalised Intersectoral Collaboration
Contributing to Broad Development Agenda

WASHaLOT

2013, Fit for School developed prefabricated group washing facility:

- 22 Children can use at same time
- Low cost (85 – 100 USD)
- Reduced water consumption to 120ml for handwashing
- Universally available and durable galvanized iron pipes
- Attached bucket for functionality, if no pipe water available
- Encourage School Community to get involved in installation and enhancements
