

# **Wash in Schools**

## **Indicators to measure progress in reaching the SDGs**

# SDG target for Wins

## Drinking water

### Advanced service

*To be defined at national level*

### Basic service

Drinking water from an improved source is available at the school

### Limited service

There is an improved source (piped water, protected well/spring, rainwater, bottled water), but water not available at time of survey

### No service

No water source or unimproved source (unprotected well/spring, tanker-truck surface water source)

## Sanitation

### Advanced service

*To be defined at national level*

### Basic service

Improved facilities, which are single-sex and usable at the school

### Limited service

There are improved facilities (flush/pour flush, pit latrine with slab, composting toilet), but not sex-separated or not usable

### No service

No toilets or latrines, or unimproved facilities (pit latrines without a slab or platform, hanging latrines, bucket latrines)

## Hygiene

### Advanced service

*To be defined at national level*

### Basic service

Handwashing facilities, which have water and soap available

### Limited service

Handwashing facilities with water, but no soap

### No service

No handwashing facilities at the school or handwashing facilities with no water

# All schools should reach Basic WASH Service by 2030

## Basic drinking water

Drinking water from an **improved** source is **available** at the school

## Basic sanitation

Improved facilities, which are single-sex and usable (**accessible, functional, private**) at the school

## Basic handwashing

Handwashing facility with **water and soap** at the school

# How to get from challenging realities to national standards?

## National Standards:

## School realities:

# M&E Incentives at School - Creating Incentives is Key to Participation and Success
